RESCHEDULED GAMES PROCEDURES

Coaches Communications: Coaches should communicate between themselves as to best days and times for possible re-play. Establish a list of possibilities. This step must be done within 2-3 days of cancellation. **Field Reservation** - home coach contacts their clubs field coordinator to check availability and establish a set field and time. Or start a list of available dates/times form coordinator to check with opposing coach and be decided on. Do this immediately after talking to opposing coach, within 2 days.

Commissioner Contact: relay via e-mail, information as outlined below to fall games commissioner at once upon confirmation and agreement. Commissioner needs at least 3 days advanced notice of game. All reschedules need to be **scheduled within two weeks** of cancellation and **played before season ends**.

Report Reschedules Like This:

Date of game - V-team# - H-team# - where - time - H-coach name & phone# -
reason for game

Example:

9/25 3066 at 3065 Springfield Soccer - Bart's field #4 5:00 Homer Simpson 609-
888-1234 Reschedule of 9/4 rainout

If both coaches cannot agree on a make-up date/time of a rescheduled within 14 days, at least communicate with the games commissioner where you're at! If an amicable reschedule is not found, the commissioner will then pick date, time and possible location. This will then become mandatory/final reschedule date for both teams. Communication is the key, keep in touch with games commissioner and the two week period may be extended.
