THE PURPOSE OF THIS DOCUMENT IS TO PROVIDE AN ORIENTATION TO THE CLUB REPRESENTATIVE THAT WILL ALLOW HIM OR HER TO FULFILL THE CLUB'S RESPONSIBILITY TO THE SJSL AND TO ASSURE THE TEAMS ASSOCIATED WITH HIS OR HER CLUB ARE PROPERLY FORMED, REGISTERED AND PREPARED TO COMPETE UNDER A PRE-DETERMINED GAME SCHEDULE.

ABOUT THE SJSL

The South Jersey Soccer League ("SJSL") was founded in 1967 as an affiliate of the United States Youth Soccer Association ("USYSA") and New Jersey Youth Soccer ("NJYS"). SJSL serves as the governing body at the league level for member clubs and administers the policies and procedures as set forth by the USYSA, NJYS and SJSL members. The league supports the concept of "Fair Play" as described by the USYSA and NJYS, while emphasizing the establishment of a safe and organized playing environment for our youth soccer players.

SJSL has over 70 affiliated member clubs across the southern half of New Jersey, from Princeton to Cape May, comprising more than 400 boys travel teams from U-8 through U19. Member clubs are represented in the league by club designated travel representatives. SJSL holds monthly general membership meetings with the club representatives to pass on registration and league information, provide updates and instruction, and to maintain a mechanism for communication between the league and the member clubs.

SJSL organizes and operates a seasonal playing structure encompassing fall, winter and spring playing seasons. SJSL provides for a team rating process, establishes team conferences, schedules games and fields, arranges for referees, and provides a supervisory presence for the operation of the league.

SJSL also offers other important soccer related activities and events throughout the year, including a "Select Team" program and offering scholarships to qualified graduating high school seniors. For more information, please visit the SJSL website at www.sjsl.org.

WHAT IS A CLUB REP OR TRAVEL REP?

Upon acceptance into the SJSL, each member club is responsible to designate a club representative and his/her alternate to serve as a liaison between the club and the league. Only the officially designated representative is authorized to vote on behalf of the member club. The club rep is usually a member of the executive board of the member club, but is not required to be one. The club representative (hereinafter the "club rep" or the "travel rep") represents both the club as a whole, as well as each of the boys' travel teams individually that are registered with the league. In general, the club rep serves to facilitate the majority of the communication passing between the league and the club. It is the club rep's responsibility to ensure that the club is aware of and conforms to all of the rules and regulations of the SJSL. The club rep is the club contact person for the league. The league will reach out first to the

club rep whenever an issue arises between the league and the club or between the league and a particular club team or teams. It is also the preferred method of passing on information to the member clubs and their teams.

WHAT ARE THE CLUB REP'S RESPONSIBILITIES?

The club rep will have both league and club responsibilities. You will serve as both a resource for the league about your club and as a resource for your club and your club's teams about the league. Questions from teams within member clubs regarding league policies and procedures should normally be directed to the club representative first. It is important that you educate yourself about the league constitution and on the rules and regulations promulgated by the league. The Fact Sheet provided to all coaches is a helpful guide, but cannot substitute for a working knowledge of the rules and league guidelines.

As a club rep, it is your responsibility to pass on information provided by the league to your club and to the individual boys' teams within your club that are registered to play for a given season. You must take notes and collect any information provided at the league general membership meetings. It is your responsibility to understand the information presented by the league so that you can explain it to your club and coaches. You must have a mechanism in place, by email, telephone, club general membership meeting, etc., to pass on the information to your club in a timely and efficient manner. Because the information is occasionally time sensitive, it is suggested that all club reps carry with them an up to date club and coach contact list.

MANDATORY MEETINGS

It is also the responsibility of the club rep to represent his/her soccer club at the monthly SJSJL general membership meetings. All member clubs are required to send a representative to the monthly meetings.

The meetings are mandatory. Each member club is required to send a representative from the club to each of the SJSJL general membership meetings. Any club member on behalf of the club can attend meetings, but only the club rep or your officially designated alternate can exercise club-voting rights.

SJSJL holds regular general membership meetings ("GM meetings") on the third Thursday of each month and they are normally held at the Pennsauken Youth Athletic Association ("PYAA") hall on Elm Street in Pennsauken, New Jersey, beginning at 8:00pm. These meetings are scheduled for the months of September through June, coinciding with the seasonal year. Because there will be times when a GM meeting is not necessary during the seasonal year, the Executive Board may periodically cancel a meeting. Such cancellation notice will be posted on our website approximately 10 days to two weeks prior to the scheduled meeting date. **CLUB REPRESENTATIVES SHOULD ASSUME THE MEETING WILL BE HELD BUT SHOULD CONSULT THE WEBSITE FOR THE CANCELLATION NOTICE.** A map and directions to PYAA are included on our website. The meetings are conducted by the SJSJL Executive Board

(the "Board"). The Board utilizes the GM meetings as a method to provide information to the member clubs through their travel representatives. It is also a forum for discussions regarding league policies and procedures. It is the responsibility of the club rep to collect the various handouts presented by the league at the monthly general membership meeting as well as to take notes, as necessary, to accurately reflect the information presented by the SJSL Executive Board.

If a club rep fails to attend a scheduled membership meeting, the league will fine the member club. The fines for missing meetings are progressive and are included in our rules and regulations. The third time that a club misses a meeting, the club rep and club president will be required to attend the next regularly scheduled league general membership meeting and to meet with the Board to discuss remedial measures. If the club fails to attend this meeting, the club will be placed on probation and all teams playing in the league from that club will be penalized three points in their respective standings.

<p>CLUB RELATED RESPONSIBILITIES</p>
--

Each club rep is responsible to keep his/her club informed of any and all policies, provisions or other information presented by the league. The best way to do this is by attending your club's board meetings and by attending your club's regular general membership meetings. This will allow you the opportunity to

disseminate the information from the league meetings to your club and to the coaches of the teams registered to play in SJSL.

It is very important that the club rep maintain contact and communication with all of the boys' travel coaches within his/her club. All travel coaches need to be kept informed of the various issues, circumstances, etc. relating to the SJSL throughout the season. This includes, but is not limited to: registration, practices, training, games, fields, team schedules and scheduling, as well as any other issues that relate to the soccer club and to the boys travel teams. Furthermore, the boys travel rep needs to communicate any and all issues, questions or concerns to the League on behalf of the club and/or its individual boys travel coaches. The club rep needs to constantly ensure that the necessary information is communicated to the proper people.

The club rep also needs to maintain some form of contact and communication with the club president and the director of player development. The club president and the director of player development, should your club have one, should be kept apprised of any issues, questions or concerns affecting any of the boys travel teams as well as the SJSL. Further, it will be necessary to help gather and supply both the club president and the director of player development with the various facts and information relating to each boys travel team.

The common theme here is communication. It is essential to the smooth operation of the league.

HOME FIELD MANAGEMENT

It is also important that the club rep work closely with the club field coordinator. Occasionally the club rep also serves as the field coordinator for the club, at least on the days scheduled for boys' travel games. Each club must inform the league about the number and location of the fields that will serve as the home fields for the club. **ALL**

FIELD ISSUES ARE TO BE COMMUNICATED THROUGH THE CLUB REP AND NOT THE CLUB'S FIELD REPRESENTATIVE OR INDIVIDUAL COACHES UNLESS GIVEN SPECIFIC PERMISSION TO DO SO BY THE IN-SEASON GAMES COMMISSIONER.

SJSL scheduled games will have a priority on those fields (with the exception of State Cup scheduled games). Since the SJSL is the predominant league in this geographical area, it assumes priority on fields that you identify as designated for SJSL games. Any other league's games should be scheduled elsewhere. You will need to keep both the league and your coaches informed regarding the current field status. This will be necessary to enable you to make the best informed decisions regarding the rescheduling of make up games and to inform the league games commissioner of playability issues.

LEAGUE INCLEMENT WEATHER POLICY

Each individual member club will have its own inclement weather policy in place. SJSL will follow the following inclement weather policy for league wide decisions (Please note that games commissioners have the authority to alter this policy as conditions necessitate. The current policy will always be posted on the league website):

8:00 - 8:50 am: The SJSL Games Commissioner will make the decision to cancel that day's round depending on weather conditions. For the fall season, the round is normally made up on an open weekend or scheduled as make up games. In the spring season, however, a round cancelled for inclement weather is not normally made up.

8:50 - 9:00 am: The SJSL Games Commissioner will notify all SJSL executive board members and assignors of his/her decision.

9:00 - 9:30 am: The club reps will be emailed the decision to close the league and information on if and how the round will be made up. If the league is playing, no email will be sent. The final decision will also be posted on the www.sjsl.org website.

9:30 - 10:00 am: If the league is NOT playing, the club reps should begin calling and informing their coaches and directing them to call their teams.

IMPORTANT: If the league IS playing - The club reps need to check their home fields (or check with their club field coordinator) and make a decision as to the playability of the club's fields. If the fields are unplayable or going to be unplayable, the club reps must contact the SJSL Games Commissioner first by 10:15 am so that the commissioner can contact the referee assignor. Since opposing teams may be travelling a considerable distance, the club rep should next call the coach for those teams that are scheduled for club home games. **PLEASE TELL THE HOME TEAM**

COACHES TO CALL THE OPPOSING TEAM COACH IMMEDIATELY. The coaches should then call their players.

Failing to follow this policy could result in the club being fined and/or assessed referee fees.

SJSL has adopted the following procedure to uniformly handle makeup game procedures:

Coaches' Communications: Coaches should first communicate between themselves as to the best days and times to possibly reschedule a game that was previously canceled. You should try to establish a list of possibilities. This step must be done within 2-3 days of the game cancellation.

Field Reservation - the home coach must contact their clubs field coordinator to check field availability and establish a set field and time. Or they must begin with a list of available dates/times for the coordinator to check with the opposing coach and to make a final decision. This must be done immediately after talking to opposing coach, preferably within 2 days.

SJSL Games Commissioner Contact: Both coaches should relay via e-mail, the information as outlined below to the games commissioner at once upon confirmation and agreement. The Commissioner needs at least 3 days advance notice of game to ensure that the game is officially rescheduled and referee assignments are made. All rescheduled games need to be scheduled within two weeks of cancellation and played before the season ends. The club rep should be copied on the email to the games commissioner.

Report Reschedules Like This:

Date of game - V-team# - H-team# - where - time - H-coach name & phone#
- reason for game

Example:

9/25 3066 at 3065 Mt. Laurel - Laurel Acres field #4 5:00 John Doe 609-888-1234
Reschedule of 9/4 rainout

If both coaches cannot agree on a make-up date/time of a rescheduled within 14 days, you must communicate with the games commissioner and provide the status of the rescheduling! If an amicable reschedule is not found, the games commissioner will then pick the date, time and possible location. This will then become the mandatory/final reschedule date for both teams. Communication is the key - keep in touch with the games commissioner and the two week period may be extended. All rescheduled games must be emailed to the appropriate SJSL games commissioner.

LEAGUE
REGISTRATION

The club rep is responsible for overseeing and ensuring that his/her club's travel teams are properly registered for each season of play. SJSL utilizes an online team registration process. The head coach of each club team has the ability to register his/her team for play in SJSL. The club rep has the ability to register any and all teams within his/her club for play in SJSL in lieu of the head coach. The club rep also has the ability to add a new coach and/or to remove a coach from the registration process. See www.sjssl.org website for further directions.

It is the club rep's responsibility to verify that each of the club's teams is properly and timely registered each season.

It is recommended that during the registration period the club rep check on the status of each team's registration on at least a weekly basis. Teams that miss the registration cutoff will be accepted as late registrations on an as-needed basis only and will also be subject to significant fines and/or late fees. **THE REGISTRATION CUTOFF IS NOT THE LAST DAY FEES ARE DUE! IT IS THE DATE INDICATED ON OUR WEBSITE THAT REGISTRATION CLOSES. MISSING A TEAM'S REGISTRATION IS THE WORST THING A CLUB REP CAN DO BECAUSE IT WILL EFFECTIVELY PREVENT AN ENTIRE ROSTER OF SOCCER PLAYERS THE OPPORTUNITY TO COMPETE!**

Once the registration period closes, an invoice for the registration fees will be forwarded to the club rep and to the president for the member club. It is the club rep's responsibility to bring the invoice and club check for the invoiced fees to the league on the day of registration. All team related fines, penalties or other assessed fees on the individual teams or on the club must be satisfied prior to or on the day of registration. If the full amount of the invoice (including fines) is not satisfied by the day of registration, no teams from that club will be accepted for registration.

Once the registration and related fees are paid, the club rep will receive the necessary team pass packets on the day of registration for each team registered to play from their club for the current SJSL season.

REGISTRATION
PASS PACKET
INFORMATION

These are sample guidelines that you may pass out (after personalizing for your club) to the head coaches of the boys travel teams in your club that are registering to play in SJSL:

ALL completed packets must be turned in to the Boys Travel Commissioner for review prior to their submission to the District Commissioner.

All completed packets must be turned in **PRIOR to** _____ **(Day/Date)** _____ (Or sooner if your team is attending a preseason tournament.). Please do not wait until the last minute.

If there are any discrepancies that need to be fixed, I will call you prior to submitting the packet. Please leave your packets in the box outside of my front door. Please include your name, your team's name and

your telephone number on the outside of the packet envelope. I will submit the packets to the District Commissioner ("DC") after I have reviewed them.

The DC will call you when your packet is completed. Please do not call the District Commissioner directly! Also please note that the District Commissioner will not approve packets submitted on Friday through Sunday, until the following Monday. If you are planning to attend a preseason tournament, please try to complete your packets as early as possible to ensure that I have time to review them and the DC has time to card the team. Please email me when you have dropped off your packet in my box.

In addition to your packet materials, I have included one copy of the Coach Membership Form, the Player Membership Form, the Non-Volunteer Membership Form, the Medical Release Form, and one add/drop form. Although there is a lot of information provided on the Fact Sheet, it is important for the travel rep to keep certain information close at hand. Travel reps are frequently asked for dates and fees and how they have changed from season to season and what to expect for upcoming seasons. Having one sheet with all of the info

readily summarized for the entire year is helpful.

All travel reps should also carry a binder divided into at least 3 major areas (SJSL, Club, NJYS), with tabs for subtopics. For example: the SJSL section should be divided into the following tabs:

1. SJSL Meeting Notes
2. SJSL Minutes
3. SJSL Standings
4. SJSL Treasurer Reports
5. SJSL Grievance Reports
6. SJSL Scholarship Info

The Club section should be divided into the following tabs:

1. Club Officers Contact List
2. Club Constitution/Bylaws
3. Club Annual Report

4. Club Coaches Contact List
5. Club Rosters
6. Club Home Field Schedule
7. Club Field Directions
8. Field Permits
9. Proof of Insurance

The NJYS section should be divided into tabs for:

1. NJYS Tournaments
2. NJYS License Courses
3. NJYS Referee Classes

It is also important for the travel rep to keep handy copies of:

1. Code of Conduct
2. Rules of the Game
3. Coaches Handbook
4. Player/Coach Add or Transfer and Release Forms
5. Team Evaluation Forms

Mercy Rule/Sportsmanship Guidelines

The South Jersey Soccer League has adopted mandatory sportsmanship guidelines to help avoid "running up the score" and to help control games involving teams of unequal skill or competitive levels. Pursuant to these guidelines, the league will enforce a **zero tolerance policy**.

Under no circumstances should the goal differential in a SJSL sanctioned game become 7 or more goals.

In order to minimize such unsportsmanship like behavior, in games where the coach allows the goal differential to become 7 or more goals at some point during the first half of play, for example, 7-0, 8-1, 9-2, etc., the game will be allowed to continue to first allow the coaches an opportunity to remedy the situation. If the second half starts with the goal differential being 7 or more goals, or if at any time during the second half of play the goal differential reaches 7 or more goals, the referee will immediately signal the end of the game and leave the field.

Whenever a game is terminated for a mercy rule violation, the referee is to be paid the complete game fee and he/she must report the game as a mercy rule termination on his/her report to the League. A resumption of the game is NOT permitted.

Early termination of a game for a mercy rule violation is a **sanctionable offense**. The "winning" coach will be required to attend a sportsmanship seminar conducted by the SJSL, and will be subject to fines and a suspension. See Rule 4.13. It is important for coaches, teams, and parents to understand that the league will not tolerate these types of violations.

SJSL has developed the small-sided program in particular with the objective to have players enjoy the game and develop their skills. Extreme score differentials are not in keeping with this philosophy, regardless of the intent of the opposition. It is possible that there will be teams in the small-sided program that are scheduled against each other that are not competitively matched. It is the responsibility of both coaches, regardless of which end of the score you are on, to manage the remainder of the game within the rule. The critical concept here is communication. The League expects both coaches to collaborate in managing the game so that a potentially embarrassing and disheartening event can become as much of a positive experience as possible.

Coaches may wish to consider the following options for managing the game when it becomes obvious that the competition is unevenly matched so it does not reach the point where the Mercy Rule is applied:

- .. Restrict shooting to outside the penalty area
- .. Require players to shoot with their non-dominant foot
- .. Designate a player who normally does not score as an individual through which the ball must go

It is important to remember that these or similar actions should be taken well BEFORE the goal differential reaches 7. Please be reminded also that adding players to the field of play is not an acceptable solution. Please retain a copy of this document with your game day materials to clarify any confusion on the part of the referee or coaches in the application of the rule.

South Jersey Soccer League Policy Guidelines on Small-Sided Team Promotion

The South Jersey Soccer League has established a small-sided program that focuses on the core values of player development, an orientation towards team play, and good sportsmanship. Member clubs and their teams are expected to function in a manner consistent with these core values and will be held accountable for actions inconsistent with such. The following policy guidelines have been developed for member clubs and their teams to provide a basis under which they can promote their small-sided teams.

G Public records of standings or game scores are not to be maintained. Only the small-games commissioner will maintain a record of game scores of each team to support the placing of teams in appropriate competitive brackets. These records are confidential and may be shared only with the ratings committee.

G Unofficial standings or game scores are not to appear in newspapers, newsletters, emails, club websites, team websites or other publicly accessible media. Clubs may award participation awards. There are to be no jackets, trophies or other awards mentioning conference championships or first place.

G Standings are not to be maintained by division coordinators and shared among the teams in any fashion. The division coordinator may only share game results with coaches of the teams in his/her division.

G Teams may report game results in local newspapers with the inclusion of player names and that of their opponent. However, there are to be no references to the unofficial standing or game score of that team in the publication. Nor should there be any descriptive references to the score, e.g. "Team A buried team B in a South Jersey Soccer League contest in the North National Division". The game should be referred to as "Team A beat Team B in a South Jersey Soccer League contest in the North National Division". This can be done with a reference to the players who scored.

Any questions relating to these policy guidelines should be referred to the games commissioner.
